

BRAND GUIDE

HERE WE GROW

FRANCHISE CONVENTION 2025-27

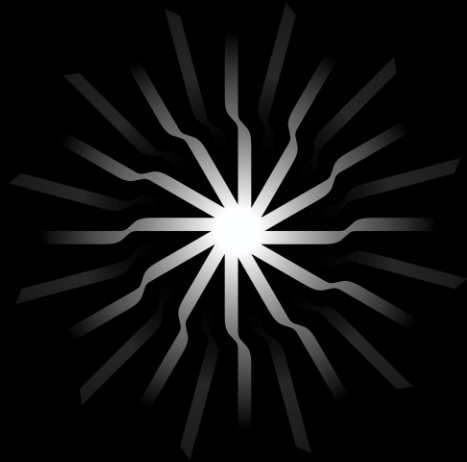

BEACON OF LIGHT + TRANSFORMATIVE GROWTH

Like a heart beating from its core, pulsing and
integrating with each year's theme: Culture.
Community. Consistency.

2025

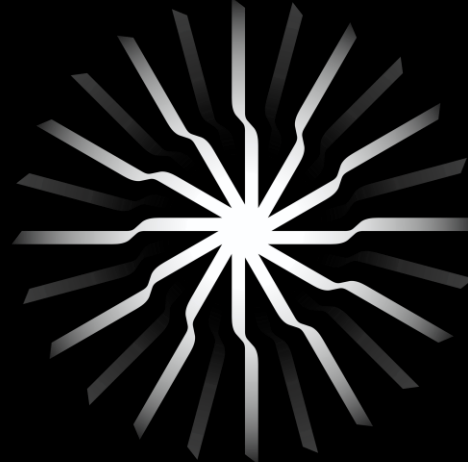

CULTURE

HOLDING TIGHT TO CORE VALUES

The core/heart pulses from
the center.

2026

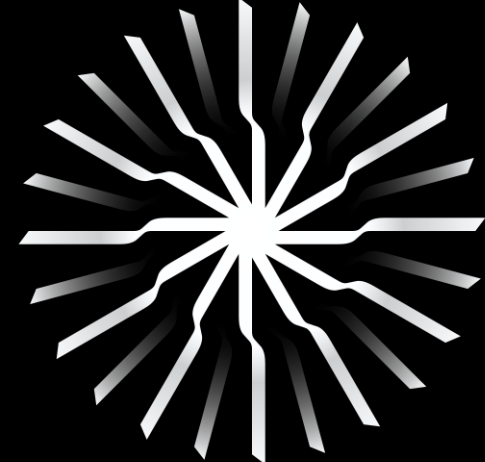

COMMUNITY

INTERCONNECTED WITH THOSE YOU SERVE

More connections are revealed,
weaving together.

2027

CONSISTENCY

RELIABLE, CONSISTENT SERVICE

All rays merging to shine bright in unity.

BRANDMARK

FULL COLOR

The full color brandmark should be used for all applications except when printing necessitates a one-color option. There are two sets of logos: one set for use on light backgrounds, and one set for dark.

The logo package includes exports for both RGB (digital) and CMYK (print) applications.

The minimum size for any logo in use should be no smaller than 168px or 1.50" wide.

FULL COLOR – ON DARK

FULL COLOR – ON LIGHT

BRANDMARK

GRAYSCALE

The grayscale brandmark should be used as needed in specific applications—for example, when print requires only a single color.

The logo package includes exports for both RGB (digital) and CMYK (print) applications.

The minimum size for any logo in use should be no smaller than 168px or 1.50” wide.

GRAYSCALE – ON LIGHT

CONVENTION WORDMARK

The franchise convention wordmark to represent the entire span from 2025 to 2027.

The logo package includes exports for both RGB (digital) and CMYK (print) applications.

The minimum size for any logo in use should be no smaller than 168px or 1.50" wide.

COLOR PALETTE

All materials should adhere to the palette to maintain brand consistency.

Each color has a CMYK, RGB, HEX, and Pantone value. Always utilize these color values, rather than other color conversion methods.

The gradients are to be used in the logo designs. These can be used in other applications, but only in the order seen here.

CORRECT

PROPER USAGE AND ACCESSIBILITY

Proper messaging is only possible through consistent and accessible usage of the brandmark and other brand elements.

This includes:

- Keeping the original aspect ratio intact (do not stretch or skew)
- Ensuring high contrast between element and background
- Never applying drop shadow or any kind of visual effects to the design
- Never recoloring any aspect of the design

Ensure legibility through contrast

Use the full-color brandmark on a white background

Apply gradient overlays to background imagery

Maintain aspect ratio of the brandmark

INCORRECT

IMPROPER USAGE AND INACCESSIBILITY

Proper messaging is only possible through consistent and accessible usage of the brandmark and other brand elements.

This includes:

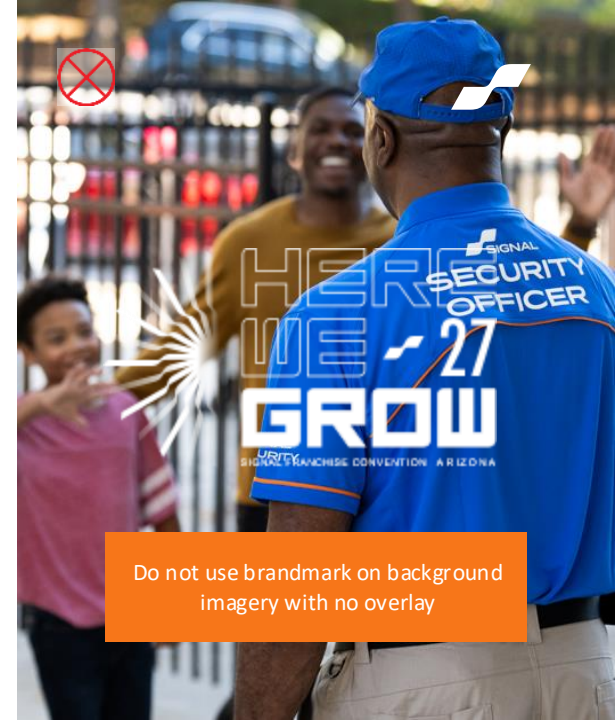

- Keeping the original aspect ratio intact (do not stretch or skew)
- Ensuring high contrast between element and background
- Never applying drop shadow or any kind of visual effects to the design
- Never recoloring any aspect of the design

Do not use brandmark on background of similar contrast

Do not recolor the brandmark

Do not use brandmark on background imagery with no overlay

Do not crop the brandmark and remove elements

Do not stretch or skew the brandmark

Do not add drop shadow or other visual effects
